

CAPABILITY STATEMENT

Trestlemark

Special Projects. Practical Results.

Eric Cowan d/b/a Trestlemark

Procurement: bids@trestlemark.com
Projects: projects@trestlemark.com
Direct: eric@trestlemark.com
Web: trestlemark.com

Trestlemark helps public agencies, contractors, and organizations research, organize, verify, and complete bounded operational work.

Core Capabilities

- Research and verification
- Records and document cleanup
- Data reconciliation
- Inventory and field support
- Project coordination
- Reporting and closeout support
- Technology-assisted problem solving

Best Fit Projects

Defined assignments with practical deliverables: cleaned data, verified inventories, organized records, completed reports, status trackers, project files, process maps, and closeout packages.

Company Snapshot

Legal name	Eric Cowan
Public name / DBA	Trestlemark
Business listing	Eric Cowan d/b/a Trestlemark
Service area	Southern California / remote-capable where appropriate
SAM registration	Active, details available upon request.
Procurement identifiers	Available upon request.

Differentiators

- Small, bounded assignments
- Clear scope and concrete deliverables
- Practical documentation and closeout
- Responsive small-team accountability
- Comfortable with messy records, backlogs, and incomplete information

Public Sector / Contractor Support

Suitable for small public-sector tasks, prime-contractor support, nonprofit operational work, and local organization projects where the assignment has a clear output and review path.
